

# Stocker & Yale: The Lighting Experts

## Fiber Optic Illuminator

Presenting the Imagelite® Fiber Optic Illuminator, the newest addition to the Stocker & Yale Lite Mite® Series of high quality illuminators. The Imagelite provides:

- Glare free, shadow free lighting
- Variable intensity control
- 3200K color temperature
- Cold light output
- Custom configurations
- 3 year guarantee

The Imagelite is ideal for any application requiring extra bright, cool light, such as assembly, inspection, microscopy, and machine vision. For more information on the Imagelite and other products in the Lite Mite series, **contact Stocker & Yale at 800-843-8011.**
